I really love this game. This game had a big presence in my childhood but I never finished it because I was too young to have the necessary intelligence to do it until I saw this on steam and was finally able to buy it because my cd version is broken. Despite being a good game I think that for people that don't have the same nostalgia as me 10u20ac is too much because it didn't aged that well however I bought it in a steam sale for a little less than 2u20ac which in my opinion is a really good price specially because the game is simple but has a gameplay of at least 6/7 hours to finish it.. I prefer original version from 2003 :). Good Ol' Days

Fenimore Filmore: 3 Skulls of the Toltecs is now avaiable too, 30% off in Bundle. : The remastered version of 3 Skulls of the Toltecs is here, with a 30% off in the bundle with The Westerner. Don't miss it!!!.
